Senate Rejects "Skinny" Repeal Bill

Scaled down version of efforts to repeal parts of ACA

Would have ended individual mandate

Would have delayed tax on medical devices

Would have cut off Federal funding for Planned Parenthood

Would have increased limits on HSA contributions

Would have made it easier for States to waive federal requirements on maternity care

Did not include Cadillac Tax repeal

Unanswered question...where does this leave the effort to repeal...or even change ACA provisions?

More and More Private Practice Physicians and Specialty Organizations are going the ACO route

Private practice physicians are becoming ACO employees

In some cases ACO arrangement moves the private practice physician and existing specialty organizations out of existing networks

Recent local changes...MetCare Primary Care ACO and Gastrocare LLP, formerly Digestive Care Organization

Kindly Email or Fax completed report by the **FRIDAY PRIOR TO BOARD MEETING.**
